PROFESSIONAL SUMMARY

Information Technology graduate and Full-Stack Developer with hands-on experience building scalable, responsive, and interactive web applications. Proficient in modern web technologies including React.js, Next.js, Node.js, Express.js, MongoDB, and Firebase. Demonstrated expertise in implementing REST APIs, secure authentication systems, and real-time features like WebSockets. Passionate about writing clean, maintainable code, optimizing performance, and solving complex real-world problems.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Framer Motion, Redux Toolkit

Backend & Database: Node.js, Express.js, MongoDB, Mongoose, Firebase

Libraries & Protocols: Socket.io, REST APIs, JWT Authentication

Tools: Git, GitHub, Postman, Thunder Client, VS Code

PROFESSIONAL EXPERIENCE

Frontend Developer Intern

Feb 2025 – Mar 2025

SkillCraft Technology

- Developed interactive web applications including Quiz Game, Stopwatch, and Todo List etc.
- Improved UI responsiveness and user experience using modern design principles.
- Wrote clean, modular, and maintainable frontend code.
- Collaborated on real-world problem solving and debugging tasks.

PROJECTS

CodeMates – Developer Social Platform (MERN, Socket.io, Redux) Live Frontend Backend

- Developed a full-stack social platform featuring secure JWT authentication and protected routing.
- Integrated WebSockets via Socket.io to enable real-time 1-on-1 chat and instantaneous live notifications.
- Engineered complete CRUD functionality for multimedia posts, including interactive likes, comments, and post edits.
- Managed complex global application state efficiently by leveraging Redux Toolkit.

Sigma AI – Chatbot (Next.js, TypeScript, Gemini API)

 Live  GitHub

- Built an AI chatbot with contextual conversation memory and optimized fast-response stream handling.
- Implemented secure client-side Base64 image encoding to facilitate smooth media handling.
- Integrated multimodal Gemini API features allowing users to upload images (JPG, PNG) for real-time AI analysis.
- Crafted a highly fluid and fully responsive user interface utilizing Tailwind CSS.

SigmaMart – E-Commerce Application (React.js, Firebase, Firestore)

 Live  GitHub

- Implemented robust user authentication workflows, including Multi-Factor Authentication, using Firebase Auth.
- Architected persistent user state and session management using Cloud Firestore.
- Developed a seamless, modern frontend ensuring responsive cross-device compatibility.
- Created real-time data synchronization for user carts and wishlists across multi-device active sessions.

EDUCATION

Bachelor of Science in Information Technology (BSc-IT)

Gondwana University

Result: Cumulative CGPA: 7.52 / 10

2023 – 2026

Chandrapur, India
